An Emerging & Recognizable Designer-Manufacturer of Control Panels & Distribution boards, Accurate Control Switchgear F.Z.E, is a UAE based, ISO 9001:2015 certified company, founded in 2006 as Accurate Control Switchgear Industries LLC, at Industrial Area No.17, Sharjah. We have been carrying out our operations from Ajman Free Zone, since 2014.

ACS is specialized in the design & production of LV Switchboards up to 4000 Amps in Form 2 & up to 2500Amps in Form 4 arrangements, Power Factor Correction Panels (Capacitor Banks), Motor Control Centers (MCC), ATS Panels, Synchronizing Panels, Motor Pillars, Street Light Control Cabinets and Pump Control Panels. We also undertake Switchgear Modification & Refurbishment and Capacitor Bank maintenance work. We are today one of the leading suppliers of control cabinets of good quality in UAE.

Our mission is product quality and customer satisfaction.

ACS is a growing organization and to achieve phenomenal growth, it is investing on Diversification of Operations and Quality Policy to satisfy its customers.

We have a large list of clients and have associated ourselves with prestigious projects, some of which have been mentioned in the enclosed list. With adequate infrastructure, we are experienced enough to turn out products of excellent quality, specifically engineered to meet the Client's requirements. Our Engineering Team will be dedicated to be a part of the Project, right from its initial stage of being designed.

Panel Assembly

L.V Panels
